

Seasonal Flu:

- Tufts Members are covered for the seasonal flu vaccine
- Tufts Members may receive the vaccine from their physician, clinic, pharmacy, or out-of-network provider.
- If you are required to pay out of pocket, you can submit a [reimbursement form](#) to Tufts Health Plan with proof of payment to:

Tufts Health Plan
Member Reimbursement Claims, PO BOX 9191
Watertown, MA 02471-9191

○ http://www.brandeis.edu/humanresources/documents/2009/benefits/flu_shot_member_reimbursement_form.pdf

- Members who receive the flu shot between 10/1/09 – 3/31/10 will be reimbursed the amount they paid out-of-pocket, up to the allowable amount that corresponds to the codes below. The reimbursement rate is broken out as follows:

Vaccine:

\$22.32 - influenza virus vaccine

\$11.37 - influenza virus vaccine, injection

Administration:

Procedure Code 90471 - \$29.07 – administration of vaccine (Network Provider)

- No referral is required for flu shots
- If you go for a regular office visit at the same time you receive the vaccination you will be billed a copay for the visit
