

# HMO PREMIUM SUMMARY OF BENEFITS

With Tufts Health Plan’s HMO (health maintenance organization) plan, you enjoy quality coverage for your health care needs. Preventive and medically needed health care services and supplies are, for the most part, covered when they are given or referred by your network primary care provider (PCP).

**As an HMO member:**

- You must choose a PCP from the Tufts Health Plan network.
- In most cases, your PCP must give or refer your care.
- You pay a copay at the time you receive a covered service. This copay may vary depending on the type of services you receive. There are annual maximums, or yearly limits, to the amount of money you have to pay out of your own pocket for certain medical services. Please check this benefit summary for more details.
- You pay coinsurance for durable medical equipment. Coinsurance is the percentage of cost you must pay for some covered services.

HMO members do not need a PCP referral for certain types of covered services, including:

- Emergency care received in an emergency room
- Maternity care and other medically needed evaluations and related health care services for acute/emergency gynecologic conditions, when these services are given by an obstetrician, gynecologist, certified nurse midwife, or family practitioner in the Tufts Health Plan network
- Routine gynecologic exams and any medically needed OB/GYN follow-up care from those exams, when given by a provider in the Tufts Health Plan network
- Breast cancer screening, when given by a provider in the Tufts Health Plan network
- Routine eye exams

Please note that this is a summary of benefits only. For complete benefit information, please refer to your member benefit document, available in your secure account at [tuftshealthplan.com](http://tuftshealthplan.com).
